The figures below estimate what you would net at settlement if the home sells at each price. They use standard Montgomery County seller costs and the loan balance you provided. Final numbers are set on the title company's settlement statement.

	\$675,000	\$690,000	\$715,000
Sale price	\$675,000	\$690,000	\$715,000
Real estate commission (5.0%, placeholder)	\$33,750	\$34,500	\$35,750
Montgomery County transfer & recordation — seller's share (~1.0%)	\$6,750	\$6,900	\$7,150
Settlement / closing fee	\$600	\$600	\$600
Deed & document preparation	\$175	\$175	\$175
Mortgage payoff processing & lien release	\$175	\$175	\$175
Condo resale package + lender questionnaire	\$450	\$450	\$450
HOA / condo account transfer & status letter	\$150	\$150	\$150
Wire, courier & notary	\$150	\$150	\$150
Mortgage payoff (balance provided by seller)	\$625,690	\$625,690	\$625,690
Total deductions at closing	-\$667,890	-\$668,790	-\$670,290
ESTIMATED NET TO YOU	\$7,110	\$21,210	\$44,710

What this means. Your loan balance (\$625,690) sits close to today's value, so the net is thin at every price and very sensitive to the final number. Holding the unit costs roughly **\$3,700–\$4,200 a month** (condo fee \$967, taxes, loan interest). Each extra month on the market is more than the entire net at \$675,000. The prior listing spent six months and eight price cuts getting from \$775,000 to \$685,000 without selling — repeating that slow decline would erase the proceeds. The goal this round is one correct price that sells inside 30 days.

ASSUMPTIONS

1. Estimate only, not a closing disclosure or a guarantee of proceeds. 2. Commission of 5.0% total is a placeholder, negotiable and set in the listing agreement; buyer-agent compensation is negotiated separately. 3. Montgomery County transfer and recordation taxes are shown at the seller's customary portion (about 1.0% combined); the exact split is set by contract and confirmed by the title company. 4. Mortgage payoff uses the balance provided by the seller; the lender's payoff letter will add per-diem interest and a small processing fee. Assumes no HELOC or other liens. 5. Property-tax and condo-fee prorations are set at closing once a date is known and are not included above. 6. Sale price shown is the contract price; homes typically sell 1–4% below list, so use the column at or below your list price to gauge a realistic net. 7. You bought in 2021 for \$749,000; these prices are below that, so there is no capital gain to tax. Confirm your situation with a CPA.
