Three list-price scenarios bracketing the market-evidence pricing from your comps, all within Manchester 21102. Carroll County seller costs. Your loan payoff is the same subtraction in every column, so it is shown separately below rather than inside the comparison.

The loan payoff. The figure above (\$109,068) is an **estimated** loan balance, not a payoff statement. Your actual payoff from the lender may differ slightly once per-diem interest and any fees are added. We'll confirm the exact number with a current payoff statement before closing.

Taxes. Public records show this property was purchased in 2010 for \$149,900. If this has been your primary residence for at least two of the last five years, the first \$250,000 of gain (single) or \$500,000 (married filing jointly) is excluded from federal capital gains tax. At every price scenario here, your gain is well under that threshold, so the sale is very likely fully federal-tax-free. Confirm with your CPA.

ASSUMPTIONS

1. Estimate only, not a closing disclosure or a guarantee of proceeds. 2. List prices of \$319,900 to \$339,900 bracket the market-evidence pricing range from 9 comparable Manchester 21102 sales (average closed price \$342,875, average 99.3% sold-to-list). The exact list price is set at the listing appointment. 3. Commission of 5.0% is a placeholder, negotiable, and set in the listing agreement; buyer-agent compensation is negotiated separately. 4. Carroll County has no local transfer tax; the Maryland state transfer tax (0.5%) and Carroll County recordation tax (\$6.50 per \$500, about 1.3%) are shown at the seller's customary half share (about 0.9% combined); the exact split is set by contract and confirmed by title. 5. Loan balance shown (\$109,068) is an estimate, not a payoff statement, and will be confirmed before closing. Property-tax proration, any seller concession, a buyer home warranty, or agreed repairs are not included here and would further reduce the net.
